General Cleaning Recommendation:

Water based cleaning agents and foam may be used for cleaning. This fabric may also be cleaned with mild, water-free solvents.

Cleaning by a professional service is recommended.

Recommended Care & Cleaning Steps:

Common Stains: Coffee, Juice, Red Wine, Sauces, Chocolate, Grease, Crayon, Suntan Lotion

Wipe the stain with warm soap and water. Clean the stain directly with undiluted liquid soap such as Dawn[®]. Rinse with a damp cloth and wipe dry.

Common Stains: Make-up

Clean the stain directly with undiluted liquid soap such as Dawn[®]. Rinse with a damp cloth

Common Stains: Blood, Urine, & Feces

Dampen a soft white cloth with a solution of 5% household bleach and warm water. Rinse with a damp cloth and wipe dry.

Color Transfer

Arc-Com products do not transfer their color to other materials. However, some textiles such as blue denim, dark clothes and jeans can transfer color to our upholstery. If this occurs, clean the affected area with a circular rubbing motion immediately using Formula 409[®] or Fantastik[®] and a white cloth or soft bristle brush.

Note: if cleaned within 24 hours of staining, the fabric should be 100% clean. Cleaning becomes more difficult the longer stain is left untreated.

The cleaning recommendations above are a guide to help in the maintenance of Arc-Com textiles. They are supplied without warranty, representation or inducement of any kind, including, but not limited to, the implied warranties of merchantability and fitness for a particular use or purpose. Arc-Com neither guarantees, nor will take any responsibility for, specific results as testing of these products was conducted under laboratory conditions and results may vary under actual conditions. Any misuse of cleansing agents may void the Arc-Com UPHOLSTERY WARRANTY & PERFORMANCE GUARANTEE.

Under no circumstances shall Arc-Com be liable for any incidental, consequential, or other damage resulting from negligence, misuse, mishandling or exposure to any of the chemicals used in connection with the cleaning or maintenance of Arc-Com textiles. Information or questions relating to chemicals or cleaning solvents, environmental use, and human exposure should be reviewed with the appropriate vendors or suppliers. Users must read the product specifications and determine appropriateness for specific applications. All label instructions on their use and precautions should be followed.

Cleaners only recommended if diluted per manufacturer's instructions. Topical cleaners must be wiped off with clean water and dried with a clean cloth following application. For any cleaner not listed, please inquire at 800.223.5466 x4882.
