

Pattern:	Roundabout
AC#:	60090 - 60105
Content:	100% Post Consumer Recycled Polyester
Bleach Cleanable:	May be cleaned with bleach following the proper ratio of 90% water : 10% bleach.
Finish:	GreenShield Stain Resistant
Cleaning Code:	WS

General Cleaning Recommendation:

Water based cleaning agents and foam may be used for cleaning. This fabric may also be cleaned with mild, water-free solvents.

Cleaning by a professional service is recommended.

Bleach Cleaning

1. Before bleach-cleaning, make sure fabric is dry and has been vacuumed, and that the space is ventilated.
2. Prepare a 10% bleach solution in water.
3. Test the solution in an inconspicuous location first before applying over the rest of the fabric.
4. Apply the cleaning solution using a misting spray bottle.
5. Work the solution into the affected area by lightly scrubbing the area with a sponge or soft bristle brush.
Make sure to work from the outside of the stain inward so as not to spread the stain and rinse your sponge or brush frequently.
6. Allow cleaning solution to linger for the time specified by the Centers for Disease Control and Prevention.
7. Rinse thoroughly to remove all bleach residues from the fabric.
8. Allow fabric to air dry.

The cleaning recommendations above are a guide to help in the maintenance of Arc-Com textiles. They are supplied without warranty, representation or inducement of any kind, including, but not limited to, the implied warranties of merchantability and fitness for a particular use or purpose. Arc-Com neither guarantees, nor will take any responsibility for, specific results as testing of these products was conducted under laboratory conditions and results may vary under actual conditions. Any misuse of cleansing agents may void the Arc-Com UPHOLSTERY WARRANTY & PERFORMANCE GUARANTEE.

Under no circumstances shall Arc-Com be liable for any incidental, consequential, or other damage resulting from negligence, misuse, mishandling or exposure to any of the chemicals used in connection with the cleaning or maintenance of Arc-Com textiles. Information or questions relating to chemicals or cleaning solvents, environmental use, and human exposure should be reviewed with the appropriate vendors or suppliers. Users must read the product specifications and determine appropriateness for specific applications. All label instructions on their use and precautions should be followed.
